LEGISLATIVE BRANCH APPROPRIATIONS ACT, 2002—CONFERENCE REPORT

Mr. REID. Mr. President, I submit a report of the committee of conference on the bill (H.R. 2647), and ask for its immediate consideration.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

The committee of conference on the disagreeing votes of the two Houses on the amendments of the Senate to the bill (H.R. 2647), making appropriations for the Legislative Branch for the fiscal year ending September 30, 2002, and for other purposes, having met, after full and fair conference, have agreed that the House recede from its disagreement to certain amendments of the Senate, and agree to the same with an amendment, and the Senate agree to the same, signed by all of the conferees on the part of both Houses.

The PRESIDING OFFICER. The Senate will proceed to the consideration of the conference report.

(The report was printed in the House proceedings of the RECORD of October 30, 2001.)

Mr. DURBIN. Mr. President, as chairman of the Legislative Branch Subcommittee, I bring to the attention of the Senate the highlights of the conference report on the Legislative Branch Appropriations Act for fiscal year 2002, H.R. 2647.

The conference report totals \$2.97 billion, and parallels closely the bill which passed the Senate in July with very broad support. Total funding is \$10 million below the amount requested by the Legislative Branch.

Funding included in this bill includes \$607 million for the Senate, and \$878 million for the House of Representatives.

Funding for the rest of the legislative branch totals \$1.49 billion. These agencies perform critical functions enabling Congress to operate effectively and safely—particularly the Capitol Police.

For the Library of Congress and the Congressional Research Service, the bill includes \$452 million. The decrease of \$60 million below the enacted level is attributable to last year's one-time appropriation for the digital preservation project.

The recommendation for the Library will enable the Congressional Research Service to hire staff in some critical areas, particularly technology policy.
